Badge Usage Audit

Insider threat mitigation remains a focus at ATL. The Security Division will initiate a badge usage audit program that reviews Airport employees' access.

Any discrepancies or unusual activity will be investigated.

Remember, Security is Everybody's Business!

The Department of Aviation's Security Division is responsible for managing an effective Airport Security Program that ensures a safe, secure environment at the world's busiest airport while exceeding customers' expectations and complying with applicable regulations, laws and codes.

If you have questions, please contact the Security Division at SecurityID@atl.com. Thank you for your continued support of the Airport Security Program.
