

Security Awareness

Monthly Focus

Volume 7, Quarter 4, Issue 12

June 2020

National Safety Month

June is National Safety Month, a time to focus on reducing the leading causes of preventable injury and death. OSHA's top high-hazard injuries are labeled as the Focus Four. They are **slips, trips and falls, electrocution, caught in or between, and struck by**. All are equally important in the aviation work environment.

Week 1: Hazard Recognition

- Step 1: Process Identification
- Step 2: Task Identification
- Step 3: Hazards within the Task

Week 2: Slips, Trips and Falls

- Clean up spills immediately. If a spill can't be cleaned up right away, place "wet floor" warning sign by it.
- Keeps walkways and hallways free of debris, clutter and obstacles.
- Keep filing cabinets and desk drawers shut when not in use.
- Cover cables or cords in walkways.
- Replace burnt-out light bulbs promptly.
- Consider installing abrasive floor mats or replacing worn flooring.
- Encourage workers to wear comfortable, properly fitted shoes.

Week 3: Fatigue

- Get 7 to 9 hours of sleep nightly.
- Exercise.
- Find ways to relax and reset your mind.

Week 4: Impairment

- Alcohol, illegal substances, prescription drugs and fatigue can all cause impairment, no matter your prior experience. Stay alert and help keep your workplace safe.

Our Safety & Security is our Collective Responsibility!

The Department of Aviation's Safety & Security division is responsible for managing an effective Airport Security Program that ensures a safe secure environment at the world's busiest and most efficient airport while exceeding customers' expectations and complying with applicable regulations, laws and codes.

If you have questions, please contact the Safety & Security division at SecurityID@atl.com. Thank you for your continued support of the Airport Security Program.
