December 2020

New Security Training Requirement

Effective Jan. 1, 2021, the Credentialing Office will require that new and renewal badge applicants complete the newly available Active Shooter Training online. For all online training, please visit <https://atl.iet-ls.com>.

The Active Shooter Training has been added to the list of required training on the new badge application released on Dec. 1.

Failure to complete required training will result in denial of badge issuance. A new badge appointment will be required for anyone who is turned away due to incomplete training.

If you have questions or concerns regarding training requirements, please contact your company's Authorized Signatory.

Remember, Security is Everybody's Business!

The Department of Aviation's Safety & Security Division is responsible for managing an effective Airport Security Program that ensures a safe and secure environment at the world's busiest and most efficient airport while exceeding customers' expectations and complying with applicable regulations, laws and codes.

If you have questions, please contact the Safety & Security Division at SecurityID@atl.com. Thank you for your continued support of the Airport Security Program.
