

Air France-KLM merger – Slot Release Procedure for IATA Winter 2023/24 Season

On 11 February 2004, the European Commission adopted a [Decision](#) under Article 6(1)(b) of the Merger Regulation in relation to the merger between Air France and KLM (the “Merged Entity”). The Decision made the [Commitments](#) offered by the Merged Entity legally binding in case COMP M.3280.

Under the Commitments, the Merged Entity offered to make landing and take-off slots on Identified Long-Haul City Pairs (Paris-Detroit, Amsterdam-Atlanta, Paris-Lagos, Amsterdam-Lagos) and on Identified European City Pairs (see below) to enable competing airlines to operate a daily service on these routes.

For avoidance of doubt, only the text of the Commitments as adopted by the Commission will be the reference text.

Applications for slots for IATA Winter 2023/24 Season

Evelyn Partners has been appointed by the European Commission as the Monitoring Trustee to monitor the implementation of commitments given by the Merged Entity.

Following an assessment of the Identified City Pairs under these Commitments, the Monitoring Trustee is inviting applications for slots for the IATA Winter 2023/24 Season on the following routes:

Long-Haul City Pairs

- Paris – Detroit: one (1) frequency per day (max. 7 slots per week);
- Amsterdam – Atlanta: one (1) frequency per day (max. 7 slots per week);
- Paris – Lagos: one (1) frequency per day (max. 7 slots per week); and
- Amsterdam – Lagos: one (1) frequency per day (max. 7 slots per week).

European City Pairs

- Lyon – Amsterdam: up to 21 frequencies per week / up to 3 frequencies per day;
- Marseille – Amsterdam: up to 14 frequencies per week / up to 2 frequencies per day;
- Toulouse – Amsterdam: up to 14 frequencies per week / up to 2 frequencies per day; and
- Bordeaux – Amsterdam: up to 14 frequencies per week / up to 2 frequencies per day.

Airlines who wish to apply for slots on these routes must follow the procedure set out on the Monitoring Trustee's dedicated website, available here:
